

Silverstream is an energy sector focused company principally involved in providing environmental protection solution, targeted at the oil & gas, marine and automotive sectors. It also has interest in the provision of renewable energy equipment as well as the supply & distribution of all forms of petroleum products.

With the acquisition of the exclusive distribution rights to **DE-OIL-IT**, the world best oil spill eliminator and degreaser and the ARED solar panel kiosks, we are poised to provide a refreshing approach to environmental chemical and renewable energy solutions in Nigeria.
